Adjourn

Afternoon Activities – Starting at 2:00pm

Golf The Wolverine at Grand Traverse Resort
Flexibility, versatility, and playability are designed into The Wolverine, Gary Player’s signature course. Four sets of tees allow the course to be set-up to accommodate golfers of all abilities. From the white tees, relative to par, it is the least demanding of the Resort’s three courses and is playable and enjoyable for high handicappers, yet The Wolverine is challenging for low handicap golfers, and can be set-up to be a true test for professional tournaments. Each nine is distinctive. The front nine is constructed on lowland terrain with water and wetlands. Existing wetlands were enhanced and interweave with several holes on the front. The back nine is constructed on highland terrain with hardwoods, rolling hills, and views of East Grand Traverse Bay.

Wine Tour/Tasting Old Mission Peninsula
Taste the wines and discover the pristine beauty of the Old Mission Peninsula and its world-class wineries. Old Mission Peninsula is an internationally recognized wine growing region. Like many of the world’s great appellations they are located on the 45th parallel. Distinction, however, comes from the surrounding deep water of Grand Traverse Bay. While traveling from winery to winery your group will be stunned by the breathtaking scenery! Suggested attire – weather permitting, a casual and light jacket.

Sleeping Bear National Lakeshore
Why climb the dunes when you can enjoy the Pierce Stocking driving tour? It provides the visitor with insight to the history of the area, a sampling of the vegetative communities found within the park and, best of all, spectacular overlooks of the Glen Lakes, the Sleeping Bear Dunes and Lake Michigan. A picture cannot describe what you'll see, so I guess you'll just have to visit the park and see for yourself. Suggested attire – casual and light jacket sweatshirt and walking shoes.
