

Faces hEYEdrate ●

A lightweight hyaluronic acid-based gel that helps reduce the appearance of under-eye puffiness. Faces hEYEdrate contains the bioflavonoid Hesperidin methyl chalcone combined with two peptides: Dipeptide Valyl-Tryptophan and Lipopeptide Pal-GQPR for minimizing the appearance of fine lines and wrinkles. Faces hEYEdrate contains extracts of Green Tea, Willow herb, Evodia ruteacarpa, and is fragrance-free.

Faces Neck Renew ●●●●

The first comprehensive treatment for the delicate neck area containing Hydroxy-pinacolone retinoate, an advanced form of Vitamin A that provides retinoid benefits with less irritation. These benefits are amplified with broad-spectrum antioxidants, a gentle hydroxyacid and skin smoothing peptides. In addition to reducing the visibility of fine lines, Faces Neck Renew helps reduce the appearance of neck area redness.

PROTECT

Our first priority in skin care is to protect our skin from sun damage. Choose a sunscreen that you will use every day, no matter the weather.

Faces Protect ●

Faces Protect is a broad-spectrum sunscreen that works wonderfully under makeup for daily use. This sunscreen is formulated with zinc oxide and titanium dioxide to provide ultimate sun protection. The addition of melanin, a naturally occurring antioxidant pigment in the skin, gives the cream a beige tint, making it an ideal choice as a foundation under makeup. The silky, matte-finish ensures that makeup will glide on smoothly, without a caked-on appearance or feel.

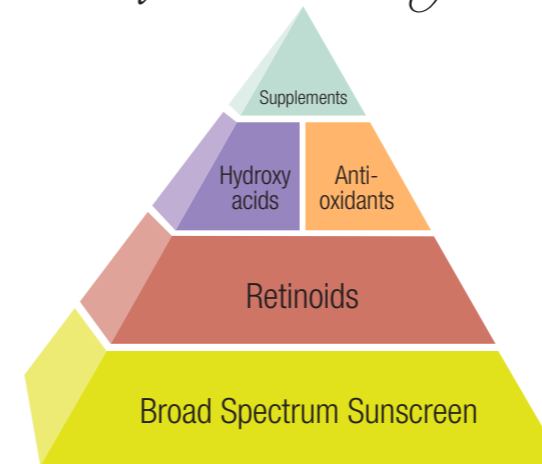

Faces Protect+ ●

Faces Protect+ Emollient Sunscreen Broad Spectrum SPF 30 is a combination of micronized Titanium and Zinc oxides, fortified with the powerful antioxidant Melanin, Vitamins C, E and Ferulic acid ester, in an emollient silicone elastomer vehicle.

This daily facial photo-protection contains rich moisturizers and natural barrier lipids for patients with drier skin. Faces Protect+ is fragrance-free and preservative-free.

5 Steps to Healthy Skin

Dr. Cote

Dr. Picerno

FacesFirst is a comprehensive facial cosmetic surgery center offering patients total confidence from start to finish. Dr. Picerno and Dr. Cote are specialists in facial procedures, providing just the right treatment for you!

Double board certified, fellowship trained physicians, equals ultimate confidence in your treatments.

Changing the look of Colorado one face at a time.

PRODUCT INFORMATION GUIDE

CLEANSE

The first step in skin care, use a product that won't remove your skin's natural defenses.

Faces Cleanse ●

Faces Cleanse helps remove excess lipids without overdrying the skin and contains Lactic and Salicylic acids to enhance exfoliation. This product is designed for patients with normal to oily skin.

Faces Calming Cleanse

Our Faces Calming Cleanse is an extra-gentle cleanser formulated for redness-prone and sensitive skin. This cleanser contains Evodiox™, derived from the Chinese Evodia rutaecarpa plant. Evodiox™ contains a soothing mixture of Rutaecarpine and related alkaloids.

HYDRATE

It is extremely important to replenish your skin's moisture levels, as well as to use products that help to retain your skin's own, natural moisture.

Faces Quench Gel ●

A unique hyaluronic acid-based, oil-free gel designed to enhance skin moisture and improve the appearance of photoaging. Faces Quench Gel is appropriate for use under makeup, sunscreen or moisturizer and is appropriate for all skin types. It is also useful as a light moisturizer for oily skin.

Faces Light ●

Faces Light is a 100% oil-free moisturizer for combination or blemish-prone skin. This product contains Oligopeptide-10, a new, short-chain peptide. Faces Light is a post-procedure formula containing barrier enhancing lipids, ideal for application post-treatment such as microdermabrasion, superficial chemical peels, and non-ablative light procedures.

Faces Moisture Repair ●

Faces Moisture Repair is an intensive moisturizer blended with 5% Niacinamide (Vitamin B3), ceramides, fatty acids and peptides that help hydrate and nourish dry skin. 100% Paraben-free, fragrance-free and propylene glycol-free. This product is ideal for dry, sensitive skin.

TRANSFORM

Transform the appearance of your skin with products that will help you achieve a healthy looking, radiant complexion.

Faces Renew Kit ●●●●

Faces Renew Kit is a powerful skin retexturing and brightening cream that delivers a combination of brighteners with Nicotinyl trichloroacetamide, a gentle retinoid and broad spectrum antioxidants Vitamin C, Vitamin E, and Ferulic acid ester. This advanced formula improves the appearance of uneven skin tone, fine lines and wrinkles.

Faces Radiance C ●●●

Our Radiance C products contain the only form of Vitamin C clinically demonstrated to improve skin appearance. The antioxidant cocktail of Vitamins C & E and Green Tea, paired with penetration-enhancing hydroxyl-acids, makes them among the most potent products available. Radiance C (SeruGel) is for normal to oily skin types.

Faces Bright ●●●●

Faces Bright Cream is best for drier skin types and can be customized for the patient.

A unique skin brightener, Faces Bright products combine Kojic acid, Hydroxy acids, Vitamin C and are fortified with Green Tea. These products

improve the appearance of skin tone. Faces Bright Cream is best for drier skin types and can be customized for the patient. **Can be compounded specifically for your individual skincare needs. Talk to your physician or clinician for details.*

Faces Clear ●

A potent combination of ingredients which, when used regularly, can produce skin exfoliating and clarifying effects. Faces Clear pads may be used as an adjunct to acne-prone and oily skin therapy, to improve the appearance of large pores and smooth skin texture.

Faces Refresh ●

A high potency combination of alpha (glycolic and lactic) and beta (salicylic) hydroxyacids which, when used regularly, can produce superficial exfoliating effects similar to those produced by an in-office chemical peel.
