

Kindergarten = Girl Scouts!

The countdown to kindergarten is on! Help her have a great year by joining Girl Scouts.

Starting kindergarten brings many changes for your child — she'll meet new people, become more independent and master lots of new skills.

Becoming a Girl Scout — which she can do as a kindergartener — will give her the confidence to welcome new adventures, like starting her first-ever school year.

As soon as she starts kindergarten in the fall, she can join Girl Scouts and discover a world full of fun experiences and new activities.
