

North Celebrates the 3rd annual Evening of the Arts with Music and Drama and Art, Oh My!

North Middle School will host the Third Annual ***Evening of the Arts***, an event featuring the fine and performing arts programs at our school. This community event will include live musical and dramatic performances, plus a gallery display of traditional and technology inspired visual arts. Last year over 350 students, parents, teachers and community members attended this event that celebrates National “Youth Art Month.”

This free event will be held in the cafeteria at North Middle School on Wednesday March 23rd from 6-8pm. Community members, families, students, teachers and special guests can begin with an opportunity to view the student created artwork on display throughout the cafeteria. The art show will feature our school's winners from the **National Scholastic Arts and Writing Awards** and the **PTA Reflections Contest** as well as new entries highlighting digital and traditional art forms. Guests can also enjoy refreshments served by our Honor Society and AVID students and vote for their favorite artwork.

At 6:30pm guests will be invited to be seated for our formal performances by a variety of North's After School Clubs. The Jazz Band and Jazz Choir are made up of dedicated musicians that have a passion for jazz. Next the program will include a performance of “***In Search of a Life***” by the North's after-school Drama Club. Following these performances, there will be more time to check out the art, vote for the “People's Choice” award and enjoy some refreshments.

Join us to celebrate all the visual and performance arts accomplishments of the North middle school students. **Wednesday March 23rd from 6-8pm.**
