Present the

2015 MEDICAL TREATMENT GUIDELINES SEMINAR

**June 26, 2015 in Denver
and
September 11, 2015 in Grand Junction**

If you want to know more about Colorado's Medical Treatment Guidelines, join us for this educational opportunity.

Purpose: This one-day seminar will focus on Colorado's Medical Treatment Guidelines for low back pain and shoulder injuries, two of the most common types of workers' compensation claims. Presenters will demonstrate how to apply the guidelines as a reference tool using clinical case scenarios. Other topics include how to navigate the dispute resolution process, the role of the claims adjuster and concepts of medical/ legal causation.

Friday, June 26, 2015

8:00 am – 4:00 pm

Holiday Inn - Stapleton Denver

3333 Quebec Street

Denver, CO 80207

&

Friday, September 11, 2015

8:00 am – 4:00 pm

Clarion Inn Hotel

755 Horizon Dr.

Grand Junction, CO 81506

This Seminar is intended for:

- **Case Managers/Risk Managers**
- **Claims Adjusters**
- **Physicians**
- **Physician Assistants**
- **Chiropractors**
- **Rehabilitation Nurses/Providers**
- **Physical, Occupational, and Behavioral Therapists**
- **Attorneys**

EDUCATIONAL OBJECTIVES

Upon completion of this course, the participant should be able to:

- Integrate the basic principles of medical/legal causation an alleged relationship between an injury or disease and work-related incident or exposure—into diagnosis and treatment plans.
- Implement medical documentation best practices to expedite treatment authorization and payment.
- Utilize the Division dispute resolution process when problems involving medical billing and/or documentation arise.
- Apply the Division medical treatment guidelines to a hypothetical low back pain case by locating relevant guidelines and discussing indications for injections, spinal stimulators, surgery, and other common treatments.
- Apply the Division medical treatment guidelines to a hypothetical shoulder injury case by locating the relevant guidelines, describing physical therapy that may be expected for the scenario, and explaining indications for steroid injections and surgery.
