## Modern Marine Navigation! Brought to you by The BoatUS Foundation and the US Coast Guard Auxiliary

Whether you want to improve your navigational skills on your local waters, or you're longing to cruise in foreign and exotic locations, Modern Marine Navigation will help you on your way to become a better boater conveniently, in your own home. With this course you will learn the basics of plotting, reading charts, identifying ATONs and using them to find your way on the water as well as an introduction to electronic navigation all presented online where you can study at your own pace. This is the only navigation course to be completely vetted by the US Coast Guard Navigation Center. For a free preview of the course or to get started on it, visit [www.boatus.org/navigation](http://www.boatus.org/navigation)

The course fee is \$40 but, entering the USCG Auxiliary Norwalk Flotilla's promo code 0140702, will get you 10% off.
