

The 2013 Phenomenal Women's Summit will celebrate the key role of women in the Civil Rights Movement. They were trailblazers that we both honor and need to imitate. The role of today's woman is still key in addressing the needs and

problems in our communities and families. The Phenomenal Women's Summit brings together women of all walks of life and of all ages together for inspiration, information, motivation and challenge. The Summit calls on women who have been phenomenal in their fields to share their experiences as participants seek to enhance their professional, civic, social and personal lives. We invite all women to come open to receive insight and wisdom, to share their own stories and to leave empowered to make a difference in the world!
