Tuesday, Feb 23rd @ 2PM-3PM @ NCAR Foothills Lab FL2-Cafe-Atrium

Wednesday, Feb 24th @ 10AM-12PM in SEEC S228

Fawad Khan
ISET-Pakistan

Fawad is an Economist and the founder of ISET-Pakistan. His research focuses on evaluating the effectiveness of adaptation projects and strategies, community-based local planning, and the factors contributing to resilience.

Phong Tran, PhD
ISET-International Vietnam

As the technical lead of ISET's Vietnam office, Phong conducts research on environmental management, climate change adaptation, and disaster risk reduction.
