ANALYSIS

Bruce Rauner's approval rating has held steady at 40% between 60 and 100 days despite his extremely aggressive budget cut proposals and attacks on unions.

Opinions are polarized with the extreme ratings consistently rated higher than the moderate ratings. Despite the deep financial issues, nearly 1 in 4 voters have no opinion.

METHODOLOGY

Ogden & Fry strives to increase the accuracy of political polling by measuring voters most likely to vote based on voter history. Voting is a socialized behavior with predictable reliability and consistency.

Ogden & Fry maintains a database with 20 years of voting history. For Governor job-approval surveys, voters are randomly selected from voters who voted in at least 1 of the last 3 elections.
