## SCIENCE CAREERS CAMP

Do you like math and science but aren't sure what to do with these talents? Perhaps you know what you want to do but aren't sure how to get there. Take a step toward your future and explore a variety of science careers! See forensic scientists help catch criminals, learn how chemists keep our environment clean, and examine a variety of health science career options. Hands-on activities include isolating and analyzing DNA samples, making pain-killers, and testing water samples for pollution.

*Students entering 10th–12th grades*

**June 22–25 | \$350**

## ZOO/WILDLIFE BIOLOGY CAMP

Are you more comfortable out in nature than you are indoors? Spend a week exploring the beauty and complexity of our natural world! Discover

careers in zoo biology, wildlife, and environmental science. Develop hands-on skills like animal handling, environmental monitoring, and field identification of local plant and animal species. Visit a diverse array of natural areas in Stark County.

*Students entering 10th–12th grades*

**June 22–26 | \$400**

## HANDS-ON EXPERIENCES FOR HIGH SCHOOL STUDENTS ON THE CAMPUS OF MALONE UNIVERSITY!

## NURSING CAMP

Are you considering nursing or other health-related careers? Use Malone University's new, fully-equipped School of Nursing and Health Sciences clinical lab! You will have the opportunity to receive CPR certification, tour area hospital facilities, chat with nurses, students, and Malone faculty about how to prepare for a career in nursing, and even gain some exposure to the EMS and paramedic fields, as well. *Students entering 10th–12th grades*

**June 22–25 | \$350**

*Learn while you have fun*

## YOUNG WRITERS CAMP

Do you want to write? Then write! The writing life begins simply enough: with space, and time, and practice.

This camp will provide these essential ingredients for high school artists determined to learn more: a week of workshops, dedicated writing time, inspiring trips to the city and country, capped off with a public reading of your works. Enjoy an intensive, challenging, but above all fun week that is free of distractions where you will develop your gifts, meet fellow writers, and be mentored by established, working authors.

*Students entering 10th–12th grades*

**June 22–26 | \$400**

## CHAMBER MUSIC CAMP

Do you play the piano, a string instrument, a brass or wind instrument, or a percussion instrument? Come learn the unique, collaborative skills that accompany the tradition of chamber music.

In collaboration with the Canton Symphony Orchestra, Malone University faculty will coach pianists and instrumentalists in the art of listening and communicating like professional musicians in a chamber ensemble setting. An audition will be required; please refer to the website for additional details. *Students entering 7th–12th grades*

**June 22–26 | \$400**

## COMPUTER SCIENCE CAMP

Are you the one your family calls when the computer breaks? Do you love using technology to make things run more smoothly or quickly? Come explore how you can turn your passion and talents into a tech career! You will have the opportunity to sharpen your skills in software development for PC, mobile, and web, gain hands-on experience with computer hardware platforms, operating systems, networking, and even develop a video game.

*Students entering 10th–12th grades*

**June 22–25 | \$350**
