

ocean friendly landscape programs

SIGN-UP FOR AN UPCOMING FREE GARDENING & LANDSCAPE WORKSHOP (open to the public)

The **City of Torrance** cordially invites you, in conjunction with our partnering agencies, to join us and learn how to develop and maintain an "Ocean Friendly Landscape" using the latest sustainable techniques to conserve water and other resources. This will be a "Workday Event" at West High School where we are transforming a vacant parcel to an aesthetically pleasing, functional and water efficient, sustainable landscape. The **City of Torrance** cordially invites you, in conjunction with our partnering agencies, to join us and learn how to develop and maintain an "Ocean Friendly Landscape" using the latest sustainable techniques to conserve water and other resources.

What You Learn: How to develop an aesthetically pleasing and water conserving "Ocean Friendly Landscape" using native and other drought tolerant plants, water efficient irrigation systems and devices, permeable "hardscape" materials and on-site water retention techniques to reduce water usage, lower watering cost and enhance sustainability..

What You Will Do: Participants will contour the site, install water retention features, paths, swales, plant native vegetation, and other related activities. Participants should be able to perform certain physical activities and should wear suitable/comfortable clothing, shoes and gloves. Participants who wish to "observe" are also welcome.

When: "Workday On-Site Workshop" Saturday September 15, 2012

(Note: You can sign up for either session or both)

Hours: 9 A.M. to Noon (First session) and/or

**1 P.M. to 4 P.M. (Second Session) - refreshments will be provided,
please arrive 15 minutes before session start time**

Where: West High School

Main Library (50 feet west of Victor Entrance)

20401 Victor Street

Torrance, CA 90503

(Note: Parking Lot is on east side of Victor)

**To register call Martha at (310) 371-7222 ext. 209 or online at
