Riverside, CA 92507

Additional Info

To RSVP, please visit:
<http://tinyurl.com/cljdec>. If you should have any questions or need additional information, please contact us at edison.gifts@sce.com.

WHO: Qualified 501(c)3 nonprofit organizations that have a strong commitment to diversity and the underserved. We welcome organizations that have not received a grant from Edison in 2013. Program outreach should be within the areas Edison serves (visit www.edison.com/community to find out more).

WHAT: Technical assistance workshops on

- Structuring a competitive proposal
- Increasing effectiveness of a grant request
- Budgeting principles

WHY: The new *Community Grants* program supports grassroots organizations by providing grants of up to \$5,000 per year. Requests must fall within one of our four program areas:

- [Education](#)
- [Environment](#)
- [Civic](#)
- [Public Safety/Preparedness](#)

* Our support of charitable causes is entirely funded by Edison International shareholders. We see our community donations as part of our commitment to be a leading corporate citizen. Southern California Edison customers do not pay for our donations in their utility bills.
