

## RESIDENTIAL ARCHITECTURAL DESIGNER

We are a growing, diverse architectural firm with project types that range from high end residential to commercial and we have a full time position available in our Royal Oak office for a Residential Architectural Designer. From initial concept through project completion, responsibilities will include: collaborating with the Project Manager, clients, and consultants to develop overall project design and ensuring precise documentation and construction in quality designs. Benefit package includes health care option with employer contribution & FSA account. Wages will be based on experience and skillset.

### Job Responsibilities:

- Field measure and document existing building conditions
- Assist in developing overall design concepts and formulating design presentation strategies
- Participate in client meetings and presentations in order to help develop and communicate the project vision
- Meets client deadlines and project goals
- Create thorough and accurate final construction documents for assigned projects
- Required hours: Monday-Friday from 8:00-5:00 pm with evening/weekend availability to meet project deadlines as needed.

### Qualifications:

- Bachelor's Degree in Architecture
- 3 year minimum of architectural experience with large scale luxury residential projects
- Strong design and organization skills as well as high attention to detail
- Excellent timely, clear and concise written and verbal communication
- Ability to work both independently and collaboratively in a team environment
- Thrive in a challenging and fast paced work environment
- Positive attitude with high energy
- Experience and knowledge of residential and/or commercial architecture
- Strong skillset using Revit 2015, AutoCad 2015, Microsoft Office, and Sketchup
- Experience with PowerPoint, Illustrator and/or Photoshop, and Ajoura preferred
