

Advanced Architectural Products is searching for an Engineering Department Manager with Auto CAD experience for our manufacturing facility in Hamilton, Mi. The successful candidate will not only need to have a minimum of 5 years' experience managing and mentoring a team but must also be able to work on his/her own project.

Requirements:

1. Minimum 5 years' experience in Exterior Cladding or Curtain Wall Systems.
2. Experience with Revit
3. Proficient in Auto CAD
4. Able to multitask.
5. Engineering Degree helpful but not necessary.
6. Leadership capabilities which include directing a team of CAD operators, setting expectations, monitoring team members, QA/QC of drawings, developing audit standards.
7. Ability to provide a general strategic guidance for the Engineering Department.
8. Experience with Microsoft Office.
9. Diverse project knowledge of exterior cladding systems.

We offer a competitive salary and benefits.
