

THE COLLABORATIVE

architecture | landscape architecture | interior design | planning | graphic design

Responsibilities:

The Collaborative has an immediate need for an interior designer with 5+ years commercial design experience. This person will develop creative solutions for varied environments; participate in high-energy, collaborative teams; and implement overall design concepts, interior details and finish palettes through all phases of design. The ideal candidate is self-motivated, comfortable communicating with clients and an innovative problem solver. As a senior team member, the individual will take lead for design issues and will be responsible for all phases of the projects from programming, design development, and oversight of design intent during the construction document and construction administration phases.

Qualifications:

Bachelor's Degree in Interior Design.

5+ years' experience.

Proficiency in ArchiCAD and Adobe Creative Suite a benefit.

Prefer NCIDQ certified.

The Collaborative represents both who we are and the way we function. We are looking for talented team members to continue the legacy of quality design and client satisfaction. This is a full time position with competitive compensation and benefits. The position can be filled in Toledo, OH or Ann Arbor, MI.
