Dr. Michael J. Furlong

Addressing the Social Emotional Health of All Students

Dr. Furlong will present his current research examining the social emotional health of all students, how local education agencies are evaluating the social emotional health of their students, and some of the strategies they are using to foster students' well-being. Dr. Furlong will present the importance of integrating a positive psychology framework in schools as a way to facilitate growth in students.

Thursday, April 23rd 2015 ♦ 5:30 – 7pm

Michael J. Furlong, Ph.D. is a professor and past department chair of the Department the Counseling, Clinical, and School Psychology at the University of California, Santa Barbara and is the Director of the Center for School-Based Youth Development. Over the years he has conducted research addressing the social-emotional well-being of children. He is a co-developer of the California School Climate and Safety Survey, the Multidimensional School Anger Inventory, the California Bully Victimization Scale, the Kindergarten Student Entrance Profile, and the Social Emotional Health Survey System. He has worked as a school counselor and school psychologist. He is a past editor of the *Journal of School Violence* and co-editor of the *Handbook of Positive Psychology in Schools* (2009, 2014).
