

September 1, 2015

Dear Childcare Provider,

Enclosed are flyers announcing new monthly Child Find screenings for children ages 2.5 - 5.11 years of age which are now available in our community through a generous grant sponsored by the Learning Center of Beaufort Inc. Three screening sites will be available each month beginning in September of 2015, in Beaufort, Bluffton and Hilton Head.

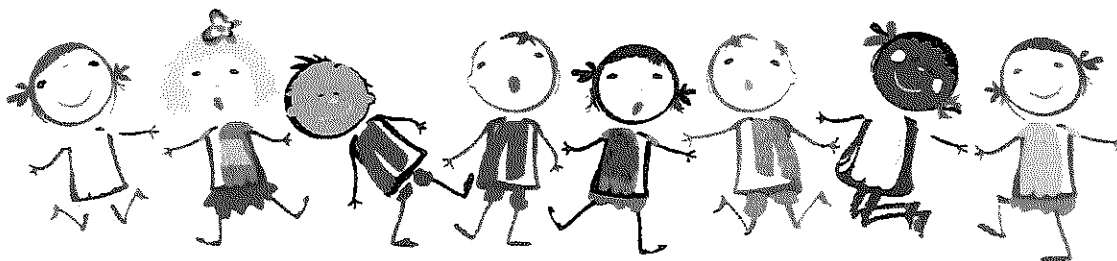

Our goal is to increase opportunities for early identification and intervention through expansion of the school district's highly successful Child Find screenings which offer vision, hearing, and a developmental assessment. Also included will be efforts to assist families seeking educational programs for their young children and in obtaining follow-up services.

We ask that you post this information and share with any families that you feel may benefit. We hope to assist child care centers, schools, agencies and health care sites in making sure that all Beaufort County children enter school "ready to learn."

For more information, please contact the Office of Early Childhood at (843)-521-2399.
