- Keisha Kuma and Julie Welch. They took care of class t-shirts and getting parties planned and items sent in. They made teacher appreciation week very special. Anytime I need anything done I just send an email and it is off my plate. They are wonderful!

Mrs. Brunen

- "I want to start off by thanking each one of you wonderful women. You have no idea how much you have helped me during my first year as a GCPS employee. You all have been so gracious with your time. You have sent in snacks on test days, arranged fun parties, made copies, designed bulletin boards, and just talked me through the ways of BES. Your help and time have given me more time to become a better teacher and for that I will be forever grateful. Thank you again for everything!!"

Mrs. Boyce

- Monica Carrera has made my life easier because I no longer spend so many hours recruiting volunteers for the daily media center help, book fairs, and inventory! (not that I wasn't happy to help... but whew it was time consuming!)
- All the regular daily media center volunteers help me be able to run things to Diane or the office (or the bathroom) too!
- I'm sure you'll hear comments about Shali Bhagat from plenty of other folks, but I did hear a student ask her: "How come I see you working everywhere in the school?"

Mrs. McCullers

- My room moms did a fabulous job organizing and setting up the winter party. They created games and activities for the kids including building a human snowman race and making real snow. These are some things the kids had to say;
- "You are both awesome."
- "You were kind and creative."
- "Thank you for all the games."
- "I love you for helping us, Mom!"
- "It was so fun having you!"
- "Thanks for helping me make snow!"

Ms. Cunningham

- I really appreciate all they do when they come in to help out with the large classes in the younger grades in art. We are so hands on in the artroom, that it really helps to have more adults to answer questions, pass out supplies, "fix mistakes", remind us how to do the next step, etc. The kids always respond well; they don't have to wait as long for help. I love the volunteers who come in and jump on in to whatever we are doing paint, clay, play-doh, oil pastel - they are just ready to go. They help make my afternoons go so much more smoothly. I appreciate them all!
