

BROOKWOOD SCIENCE CAMP

*Hands-on summer camps created
and run by local science teachers*

What Sets Us Apart

Ages 6 – 8 and 9 – 11

5-day camps, 9 am – 2 pm

Lots of fun, hands-on activities

Taught by **certified** science teachers

All registration and payment is online:

<https://brookwoodscience.com>

Camp address: 875 Oak Road, Suite 203, 30044

Inside Dynamic Karate USA (Afterschool Area)

We will have the entire facility to ourselves!

2015 SCIENCE SUMMER CAMP SESSIONS

Session 1: Rockets & Rovers

June 15-19, 2015

Cost: \$145 per student

Your student will fly away with us this week as we explore outer space! Build your own rocket for our "Rocket Derby", and participate in several science-based astronaut training activities. There will be many space and astronomy lessons and crafts to keep your scientific explorer challenged and entertained throughout the week.

Max Enrollment: 20 students

Online Registration Only: <https://brookwoodscience.com>

Session 2: Zombie Science for Kids!

July 6-10, 2015

Cost: \$145 per student

Okay, so zombies aren't real...or are they? Students are "dying" to join us for science camp this week because we'll be exploring the science behind zombies! We'll learn about how to use science to survive a "zombie apocalypse", the basics of zombie anatomy, and much more!

Max Enrollment: 20 students

Online Registration Only: <https://brookwoodscience.com>
