

Circle of Security Parenting Series

The Circle of Security® Parenting™ program is based on decades of research on supporting and strengthening secure parent-child relationships. Studies have shown that children's first relationships impact all areas of cognitive, social, emotional, and physical development.

In this series you will learn to...

- ◆ Experience more love, cooperation, and joy with your child
- ◆ Feel confident in your ability to be successful with your child
- ◆ Determine what your child needs in the moment
- ◆ Help your child develop self-confidence
- ◆ Assist your child in creating positive relationships with others
- ◆ Teach your child to balance their emotions and behavior
