

## “The Greatest Parable”

A new set of stories has become available this season. They are being told to our 4-6<sup>th</sup> grade class. The series presents the work of Jesus during his ministry and its parabolic nature.

The first story is told without words and lays out 3 gold triangles. It invites the children to wonder about the triangle shapes and gold color in relation to Jesus' life.

The second story describes the Annunciation, Transfiguration and Resurrection linking them as events *overshadowed* by God.

The third story relates Jesus ministry in Gallilee.

The fourth and final story relates Jesus' ministry in Judea.
