

in our garden...

Did you know we had a garden? You can't see it from here, but . . .

If you went outside across the patio,
Past the picnic tables and umbrellas,
All the way to where the grass begins,
Turned left, and looked
behind the school buildings,
You'd see it.
Two raised beds,
A few irrigation hoses,
And some trellises.

That's our garden.

Its one of our best-kept secrets ~
But, not any more.

We're going to grow the garden this summer
We'll start small -- with tomatoes, squash,
beans and potatoes

It'll be an adventure as we experiment to see what
will grow in our garden space

The religious school helped get our garden
ready for planting. They turned the soil,
spread the straw, and pulled the weeds.
They've worked hard, and we're so proud of them.

We'll be tending the garden throughout the
Summer to grow the vegetables they planted.

Look for **In Our Garden** updates in *The
Happenings*.

Do you have 20 minutes to spare during the week
and are interested in helping out?
