WHO MAKES THE TRAILS: An Introduction to the Trail Conference

6.15pm – 7.30pm

If you have never heard of the New York–New Jersey Trail conference or just wanted to learn a little more about it this is a GREAT chance to learn more about it. Included in this class will be information about the history, current work that the Trail Conference is involved in and ways that you can be involved. It will also include information about local hiking and volunteering opportunities.

Instructor: John Leigh

WEDNESDAY, APRIL 16, 2014

BASIC MAP AND COMPASS WORKSHOP

6:15PM – 7:30PM

This workshop teaches how to use the compass in interaction with a map. If you are hiking on marked trails or bushwhacking to areas not far from trails, a good topographic map may be the only tool you need to plan and maintain your route. If you are planning to be in the wilderness for an extended period of time, you will most likely be using a compass to help you find your way. COMPASS AND PENCIL REQUIRED.

BASIC KNIFE SKILLS

6.15PM – 7.30PM

A quality knife or multi-tool is one of the handiest things you can carry in your pack. It'll help you spread peanut butter, carve a tent stake, or fillet a rainbow trout. But you have to pick the right tool for the job. This introductory workshop will cover types of knives and their uses in the outdoors, as well as maintenance and sharpening techniques.
