

Organizational Overview

Vision: Grace Global Network envisions the day where there will be two million multiplying evangelical churches around the world through its partnerships and influence.

Mission: Grace Global Network exists to help reach every man, woman and child with the Gospel by the planting and multiplying of healthy churches.

Core Values: Multiplication, Authenticity, Love, Truth, Equipping

Ministry Purposes: 1) To help reach every man, woman and child with the Gospel of Jesus Christ. 2) To learn from, coach and partner with some of the world's leading evangelical church planters and church planting movement leaders on various continents around the globe. 3) To resource church planting movement leaders. 4) Provide world class International Church Planters Summits that equip church planters and church planting movement leaders. 5) To give Biblical and Theological integration in all materials that we write, edit and teach.

Goals: 1) Plant two million multiplying evangelical churches around the globe through our partnerships and influence. 2) Give a platform to taking the Great Commission seriously and assist with GACX and like minded ministries to plant over 6 million evangelical churches for the 5 billion plus lost people around the world. 3) Participate in the training and help equip 6 million church planters in our worldwide partnerships. 4) Write training materials that will be used in equipping and coaching two million church planters and church planting movement leaders. 5) Train ten thousand church planting movement leaders to coach two million church planters.

Overview and History: GGN was birthed at the end of 2004 by Dr. Greg Kappas and his wife, Debbie. Soon afterwards, Dr. Henry Oursler was appointed as Director of Training and Coaching. Henry is a recognized leader in evangelical circles in communication, both orally and in writing (Henry is now in a contracting consulting role with GGN). In its 11+ years, GGN has been selected by Leadership Network as one of the top ten church planting ministries in the United States. Grace Global Network is respected for its partnering relationships with ministries such as The Timothy Initiative, Acts 29, Vision Nationals, Living Spring Christian Assembly, Mosaix Global Network, NAMB, DCPI, IMB, Leadership Network, etc. Dr. Kappas is a co-founder of the International Church Planters Summit (ICPS) which brings together church planters and church planting movement leaders around the globe. Past ICPS's have included Theni, India (over 1,000 leaders from 4 continents) and Vizag, India, Nigeria, Thailand, Nepal and the United States. These three and four day church planting summits are designed to train, encourage and equip church planters and movement leaders. The ICPS's provide a great time for networking, sharing ideas and strategies for seeing saturation church planting continent wide and globally.
