

Sustaining Member and Candy Day Reminder

This is a friendly reminder that the tax year is coming to an end. We moved the start of the Sustaining Member campaign from October to July this year. I know that many of you were planning to wait until closer to year's end to make your contribution. Please remember we must receive contributions by December 31st if you want to include them in this tax year.

Currently, approximately 16% of South Carolina Lions support the Sustaining Member Program annually. Our goal this year is to move closer to 50% of SC Lions participating in the program. When we reach this goal, we will raise an additional \$50,000 more in funds that can be used to restore sight and hearing in our state. If you haven't given, we would like to encourage you to do so in an effort to meet the many needs across our state. **SCLCS has already provided more than \$400,000 in Eye Surgeries, Health Screenings and Hearing aids through 4 months of this fiscal year.**

Speaking of Club Support for 2014 – 2015, the Foundation has worked very closely with your District Governors to set club fundraising goals for your area. These goals are:

32-A: \$35,000.00

32-B: \$40,000.00

32-C: \$30,000.00

32-D: \$50,000.00

TOTAL: \$155,000.00

These goals are based on the giving average of clubs in each district over the past three years. They are very achievable and with your hard work, these goals will be attained.

Submitting your Candy Day Contribution as soon as possible will help tremendously in keeping services uninterrupted.

THANK YOU!
