

Possible combination of existing districts to bring all districts well above the requirements of 35 clubs and 1250 members:*

A/D and B/C

- A/D (2053 members) and B/C (1730 members)
- A/D (73 clubs) and B/C (73 clubs)
- Distances – Gaffney to McCormick, 113 miles (2hours, 6 minutes)
Westminster to McCormick, 85 miles (2 hours, 4minutes)
Westminster to Tega Cay, 166 miles (2 hours, 49 minutes)
Tega Cay to McCormick, 136 miles (2 hours, 43 minutes)
Chesterfield to Hilton Head, 222 miles (3 hours, 41 minutes)
Aiken to Myrtle Beach, 206 miles (3 hours, 27 minutes)

MD32 with Proposed Redistricting

***Why two instead of three districts?** The latest numbers show MD32 at 3783 members. Divided by three, that would be 1261 members per district. At our present rate of lost membership, all three districts would be under 1250 before approved by the LCI board (Oct 2015 Board Meeting)

***Why consider only combinations of existing districts?** Experience from surrounding MD's who have redistricted, cutting up district, assigning assets to be transferred to which new district, merging leadership are all easier to deal with by merging existing districts.
