

The Van at Work in Goose Creek

From September 23-24, the Goose Creek Lions Club performed free hearing and eye screenings to most of the students of College Park Elementary School. Nearly 1,000 students were screened in that 3 day period. They were able to do this with a Health Screening Van, compliments of the South Carolina Lions Charitable Services, and parent volunteers at the school. On September 27, 2014, the Goose Creek Lions Club offered free hearing and eye screenings to the public at the Goose Creek Walmart at 605 St. James Avenue from 8:30am to 4:00pm. People of all ages and backgrounds were welcome to receive a free hearing and eye screening to determine if they need to be referred to a medical professional. All workers at the event were volunteers members of the Goose Creek Lions Club.
