

**This Year's First "Open Autocross Day" is Friday, April 8**  
*Spaces still available for Lime Rock's Autocross season opener*

Want to drive your car at the limit at Lime Rock Park, no experience necessary?

Then sign-up for Lime Rock Park's "Open Enrollment Autocross Days!"

Lime Rock's autocross is our "mini" race track located in the upper infield area. It is a paved circuit, with no barriers or guardrails. Each of the various corners – sweepers, increasing- and decreasing radii, 90s, 180s – is designed to test and develop your talent, all under the watchful and helpful eyes of Lime Rock's renowned racing coaches and instructors.

And of course it's a huge amount of fun!

At the end of each Autocross Day, every driver is invited to do their fastest lap, which is recorded and filed (we use electronic timing & scoring, no transponders needed).

[Click here](#) to see why we do that!

Entering any Autocross Day at Lime Rock is as easy as buying a [ticket online](#).
