

Bishop Luers Boys and Girls Golf Team

Spring Flower Fundraiser 2015-2016

The members of the Girls and Boys Golf Teams will be selling plants to raise funds for golf team needs not provided by the school. We are working with McNamara Florist to provide the following plant material:

Bedding Flats: McNamara bedding plants are strong, healthy plants that are grown in McNamara's own greenhouses. Examples of plants grown in flats include alyssum, begonia, impatiens, marigold, petunia, salvia, and many more. You may mix and match cell packs to fill your flat of 18 or 36 plants.

4" and 4.5" Premium Annuals & Zonal Geraniums: These offer larger plant material and make a great addition to your flower beds and/or container gardens. Examples of plants grown in this size includes Angelonia, bacopa, calibrachoa, petunia, lantana, geranium, coleus, verbena and many more.

10" Hanging Basket: Grown at McNamara, these baskets are full and beautiful. McNamara offers two types of baskets: Annual Hanging Basket and Premium Annual Hanging Basket, there are many varieties to choose from. You may upgrade to a Premium Basket by paying an additional \$5.00 to McNamara at time of purchase.

1 Gallon Perennial – Standard: Perennials offer the advantage of not re-planting each season. There are many choices, rudbeckia, salvia, sedum, lavender, and many more.
