San Diego Impact Investors (SDii) Presents

DEALFLOW

In finance, “deal flow” refers to the rate at which business & investment proposals are received. By showcasing organizations and opportunities that produce financial returns alongside positive social or environmental outcomes, this event aims to increase deal flow of impact investments.

OBJECTIVES

1. **PROVIDE COACHING AND INFORMATION** about impact investment financing for mission-driven organizations (nonprofits and social enterprises) in San Diego County.
2. **INCREASE DEAL FLOW** for those seeking vetted, mission-driven investment opportunities.
3. **WORK WITH INVESTORS**—individuals, foundations, companies, and others—to make impact investing easier by providing opportunities, intermediaries, and sample investment agreements.

Deal Flow event sponsorship demonstrates your commitment to finding innovative solutions for supporting San Diego’s economy and its residents. To sponsor, contact megan@sdgrantmakers.org.
SDii is a collaboration of San Diego Grantmakers.

WHAT TO EXPECT

Vetted and coached organizations will present their models of socially or enviromentally beneficial products or services to a panel of experts and audience members. While there will not be a final “winner” or financial awards, there will be an opportunity for investors and philanthropists to connect with potential investee organizations.
