DISCOVER THE WORLD OF ROBOTS!

Want to meet a robot? Sign up now for the Champions® Robotics Program and learn to code and program a super-awesome humanoid robot (and your new BFF).

- Interact with your friendly and intelligent robot companion.

- Explore the worlds of coding, programming, and robotics as you design behaviors for your robot.

- Put your creativity and problem-solving skills to the test.

- Collaborate with your friends and learn to program the robot through a series of fun and challenging activities.

- Learn how to be an engineer, choreographer, and programmer.

- Get a taste of what it takes to become one of the creative minds needed in today's growing technology field.

SIGN UP TODAY, SPACE IS LIMITED!
