### **Monologues & Auditions - How To Get That Part (2<sup>nd</sup>-5<sup>th</sup>)**

with Cathy Foxhoven

Planning on auditioning for "Pied Pipers", "eTc", "Broadway by the Bay"? If you want a speaking part, you'll need a prepared one-minute monologue, which will be provided in this class. Have you always wanted to be in a play or musical but you haven't known how to go about it? This is your chance to learn about professional, regional and community theater while picking up the skills needed to audition and get that part. The trick is "being prepared". You'll discover tips in "cold readings", "characterizations", what your "type" is, and find the right song to audition with. If you've already had experience, this is your opportunity to brush up on your skills.

## ARTS AND CRAFTS

### Art Education Welcomes Exploration (age 5-12)

with Para La Russa

ArtZdoodle is rooted in fine art principles, fused with contemporary trends, & slathered in your child's individual expression. The children will learn new and exciting art lessons every week and will dabble in different mediums using only the finest materials such as oil pastels, liquid watercolors, tempa, colored pencils, heavyweight paper and much more! Mixed media is what its all about. We highlight the project's inspiration, methods and key learning objectives so each student feels encouraged and challenged. Your child will turn their shapes into recognizable pictures, learn foundational art techniques and have some messy fun. You'll want to drive straight to the frame shop! ArtZdoodle's founder Para La Russa, an active member of the National Art Education Foundation, strives to push creative boundaries whether it's your child's first time through the door or the 400th! It truly is "Art education for the next generation."

## MUSIC

### **Uke Group (K-3<sup>rd</sup>)** with After School Music Academy LLC

new

The Uke Group is open to students in grades K-3rd. The Ukulele is an excellent instrument on which to learn how to play music. It's relatively simple to learn, easy to tote around, inexpensive, super fun, and timelessly popular! In this ensemble, we will jump right into the fun stuff and learn how to play music on the Ukulele. By the end of the course, students will know a few chord positions, will be able to play a couple of songs on the Ukulele, and be able to sing along. Students must have their own Ukulele (to bring to class and to practice at home) which is easily available for purchase at most music stores in the area. We also have an instrument rental program available at \$25 per Uke for the 10 week class. If you are interested in renting a Uke for class, please contact us directly: info@afterschoolmusicacademy.org.

5 classes  
Fee: \$287 Lab Fee: \$50 (included)

#### **Let Them Eat Cake (age 7-13) with Junior Chef Stars**

Do you love to bake your cake and eat it too? This five day course will cover basics such as how to properly prepare cake pans, the perfect cake recipe and carving layers. This course will then transition into a more advanced cake decorating lesson. From crumb coats to fondant, your junior chef will create their very own three-tier masterpiece!

**49833.01** M/Tu/W/Th/F 1:00 pm - 4:00 pm 7/25-7/29  
5 classes  
Fee: \$302 Lab Fee: \$65 (included)

# RAINBOW CHEFS

TEACHING LIFE LESSONS THROUGH CULINARY ARTS!

#### **Food Science (age 5+) with Rainbow Chefs**

Food is science and science is food in this delicious camp full of food science experiments (9 recipes). Learn the basics of food safety, why 350 degrees is the optimum baking temperature, find out how to measure to make the perfect souffle and so much more! Food Science also includes the development of new food recipes, design, and the process to produce the best tasting results. Test your luck in making a souffle.

**49044.01** M/Tu/W/Th/F 9:00 am - 4:00 pm 8/1-8/5  
5 classes  
Fee: \$540 Lab Fee: \$50 (included)

#### **American Food Tour (age 5+) with Rainbow Chefs**

Come travel with us around the U.S. to discover the regional American Cooking. We will be making everything from Southern favorites to classic New England Fare. Everywhere you turn is something new and delicious to try in our great country.

**49913.01** M/Tu/W/Th/F 9:00 am - 4:00 pm 8/8-8/12  
5 classes  
Fee: \$540 Lab Fee: \$50 (included)

## JUNIOR CHEF STARS

Create. Cook. Learn.  
www.juniorchefstars.com

#### **Restaurant Takeover (age 7-13) with Junior Chef Stars**

Ever dream of running a restaurant someday? Come spend a week with our culinary professionals to give you the experience of running your own restaurant. Students will learn how to cook a four course meal as well as table setting and plating techniques. If you can handle the heat, come join us for a cooking series you won't soon forget!

**49831.01** M/Tu/W/Th/F 9:00 am - 12:00 pm 8/15-8/19  
5 classes  
Fee: \$287 Lab Fee: \$50 (included)

#### **Cupcake Masters (age 6-13) with Junior Chef Stars**

What's sweeter than a bounty of delicious and beautiful cupcakes hand crafted by your Junior Master Chef? Your child, with the help of our professional cake instructor, will learn the ways of a true cupcake artist! Students will mix, bake, design and complete fantastic cupcakes that will showcase their creativity and taste absolutely divine! Please provide a box each day for students to take home their delicious masterpieces.

## TECHNOLOGY

### **Jr. Inventors Workshop (age 4-7)** with Engineering For Kids Staff

We have opened up the workshop for a week of fun, creativity, and of course-engineering! Over the course of a week, students will invent new machines and explore creative design solutions using the Engineering Design Process. Discover how a wind-up toy works and design your own drawing robot inside the Engineering For Kids Inventor's Workshop.

### **Jr. Robotics: Simple Machines (age 4-7)**

with Engineering for Kids Staff

We use machines everyday, but many times without even recognizing them. In Junior Robotics: Simple Machines, students will explore the basic concepts of simple machines and how we use them to achieve even our most grandiose goals! Students will use LEGO WeDo construction and resource kits to produce new and exciting builds that will be used to create Kelvin's Amusement Park.

### **Junior Minecrafters! (age 5-7)** with Techsplosion Staff

Come explore the world of Minecraft with us! Junior Minecrafters will have tons of fun as they learn the basics of the world famous game. We'll learn about the different game modes, how to craft some crazy contraptions, and even build an awesome house together! In between sessions of computer time, we'll do other fun Minecraft stuff like papercraft, a camp-made costume party, outdoor games, and on Friday, a Minecraft potluck party!

### **Engineering of Fairy Tales (age 4-7)** with Engineering for Kids

Ever wonder how we got to the Happily Ever After in traditional fairy tales? Students will explore a few fairy tales from different points of view and engage in activities to investigate solutions for each fairy tale's obstacles. In the Twisted Fairy Tales Camp, we will design a getaway vehicle for the heroine from Kate and the Beanstalk, help The Three Billy Goats Fluff devise a method to cross the bridge quietly and not wake the Troll, and construct an edible reef entirely from candy to protect The Three Little Fish from the Big Bad Shark! Join us as we explore the Engineering of Fairy Tales!

# Summer Enrichment TECHNOLOGY

## **Amazing Race (age 8-14)** *with Engineering for Kids Staff*

Pack your bags engineers and get ready for an adventure! Team up with others for a wild ride across the globe in our Amazing Race. During this camp, students carefully engineer designs that traverse the most treacherous terrain, brave the stormiest seas, and soar above the clouds. Can your team make it all the way around the world in just a few days? Grab your passports and catch a flight straight to Engineering For Kids for a truly unbelievable journey! **5 classes**

## **MinecraftEDU: Medieval Redstone (age 8-14)**

*with Engineering for Kids Staff*

MinecraftEDU is an expansive game that lets players design and create unique worlds with amazing structures. One of the more complicated aspects of MinecraftEDU is Redstone, which is MinecraftEDU's version of electrical circuitry. This camp will introduce students to the many uses of Redstone through a Medieval themed adventure of creation, exploration, and castle besieging, with students making mine cart tracks to help them gather resources, working together to build their kingdom, and designing traps to defend their castle, all with the use of Redstone. **5 classes**

**49841.01** M/Tu/W/Th/F 1:00 pm - 4:00 pm 7/11-7/15

Fee: \$195

## **Engineering FUNDamentals Using LEGO (age 7-12)**

*with Play-Well Teknologies*

Have your child become a Play-Well Engineer! Students explore concepts in physics, architecture, mechanical and structural engineering, from Gear Card to Battlitracks. The engineer-designed curriculum challenges new and returning students to reach higher levels of engineering comprehension while having fun. Location: Kohl Mansion, 2750 Adeline Drive, Burlingame **5 classes**

**49848.01** M/Tu/W/Th/F 1:00 pm - 4:00 pm 7/11-7/15

## **Pre-Engineering Using LEGO (age 5-6)**

*with Play-Well Teknologies*

Let your imagination run wild with over 100,000 pieces of LEGO! Build engineer-designed projects such as boats, bridges, mazes, and motorized cars, and use special pieces to create your own unique designs. Explore the endless creative possibilities of the LEGO building system with the guidance of an experienced Play-Well instructor. **5 classes**

**49592.01** M/Tu/W/Th/F 9:00 am - 12:00 pm 7/11-7/15 Fee: \$191

## **Young Creators: Comic Book Workshop (age 8-12)**

*with Freshi Media Staff*

Students become the creators and make their digital comic book complete with heroes, villains and epic adventures! Working with Comic Life software, children create an original multi-page full color comic. When class is finished students will have an interesting comic series to share with family and friends! **5 classes**  
Location: Kohl Mansion, 2750 Adeline Drive, Burlingame

## **Kodu Kart Racing (age 8-14)** *with Engineering for Kids Staff*

Race to the finish and create your own racing game in Microsoft's Kodu gaming environment. From terrain design to enemy selection, students are placed at the wheel and given full control to design their game. Create your own video game while exploring the foundations of coding. Kick your creativity in gear with Kodu Kart Racing. (Not compatible with Mac or Linux). **5 classes**

**49329.01** M/Tu/W/Th/F 1:00 pm - 4:00 pm 7/18-7/22

Fee: \$195

## **Video Game Design: Platform Games (age 8-12)**

*with Freshi Media Staff*

Using Multimedia Fusion 2 software, students will create a multi-level platform game. In this class, students will work with a partner and will create unique levels, characters and an original plot line. Give your characters gravity and create interesting and original bad guys to challenge you through your game. Working with design, animation and programming tools, students will create a fun and engaging platform adventure! **5 classes**

Location: Kohl Mansion, 2750 Adeline Drive, Burlingame

**49840.01** M/Tu/W/Th/F 1:00 pm - 4:00 pm 7/18-7/22

## **Jedi Engineering using LEGO (age 5-6)**

*with Play-Well Teknologies*

Young Jedi will explore worlds far, far away and engineering principles right in front of them. Defeat the Empire by designing and refining X-Wings, R2-units, and settlements on far-flung edges of the galaxy. Play-Well TEKnologies brings together imagination and engineering to create motorized and architectural projects such as energy catapults, shield generators and defense turrets. **5 classes**

**49605.01** M/Tu/W/Th/F 9:00 am - 12:00 pm 7/25-7/29

Fee: \$191

## **Jedi Master Engineering (age 7-12)** *with Play-Well Staff*

The Force is strong in this class. Build complex machines and structures based on the best designs from a galaxy far, far away. Projects include X-Wings, AT-AT walkers, Pod Racers, Star Destroyers, Cloud Cities, settlements, and fortresses. Play-Well's Jedi instructors reinforce key engineering concepts such as geartrains, worm drives, pneumatics, eccentric motion, and more as students tap into the powerful forces of imagination and engineering. **5 classes**

**49003.01** M/Tu/W/Th/F 1:00 pm - 4:00 pm 7/25-7/29

## MARTIAL ARTS

### Capoeira-Afro-Brazilian Martial Art Camp (age 6-13) new

with Dragonfly Designs

Capoeira is an Afro-Brazilian martial art, which incorporates dance, music, and acrobatics. The Capoeira youth program is designed to foster mental and physical development of all participating youth. In the program, youth learn the life skills necessary to become accountable, independent, productive and successful adults while staying fit and having fun. Through the art of Capoeira, this program gives youth a healthy and exciting activity to put their energy into. Children in camp will work on technique while having fun. Art projects will also be incorporated into camp. Parents will be invited to watch a performance on the last day of camp.

## TECHNOLOGY

### Robotics using LEGOWeDo (age 6-8) with Play-Well Teknologies

Build and program robots in this introductory Robotics class using the LEGOWeDo system. Learn basic programming skills, simple engineering concepts, and the names of robot components. Work in small groups to complete several projects using tilt and motion sensors. This is a great way to prepare young Robotics enthusiasts for our more advanced Robotics programs. **5 classes**

**49828.01** M/Tu/W/Th/F 9:00 am - 12:00 pm 8/1-8/5

Fee: \$226

### Robotics using LEGO EV3 (age 9-14) with Play-Well Teknologies

Build and program robots using the LEGO Mindstorms EV3 system! Learn about mechanical and software design, problem solving, and teamwork skills. Work in small groups and build your robot, and rise to the challenge. Control the robot to avoid obstacles, pick up and carry objects, and play sounds. Projects are structured so that students work in an open-ended, investigative environment while having fun. **5 classes**

**49827.01** M/Tu/W/Th/F 1:00 pm - 4:00 pm 8/1-8/5

Fee: \$226

### Tech Builders: App Design with PC (age 8-12)

with Freshi Media Staff

The Freshi Media App Design class is a fun and exciting introduction for students who want to learn different aspects of computer based App Design. Utilizing Multimedia Fusion 2 software, students work closely with instructors to create individual computer based apps. Students will complete one app project, which combines fun game based apps and practical utility apps into their final project. **5 classes**

**49835.01** M/Tu/W/Th/F 9:00 am - 12:00 pm 8/8-8/12

Fee: \$185

### Girl Powered Engineering using LEGO (age 5-8) new

with Play-Well Teknologies

A Play-Well offering for girls who love to build! Taught by women engineers and scientist, this course will provide a supportive environment for girls to build engineer-designed projects such as skyscrapers, bridges, mazes, and motorized cars. Explore the endless creative possibilities for the LEGO building system with the guidance of an experienced Play-Well instructor. **5 classes**

**49803.01** M/Tu/W/Th/F 9:00 am - 12:00 pm 8/8-8/12

Fee: \$191

### Art and Architecture using LEGO (age 7-12)

with Play-Well Teknologies

Explore great works of art and architecture through LEGO! Collaborate in small groups to build grand structures such as the Parthenon in Greece, the Notre Dame Cathedral in Paris, the tree houses of Papua New Guinea, and New York Empire State Building. Follow in the footsteps of master artists with LEGO interpretations of sculptures, mosaics, and stained glass. Teamwork and creativity take high culture to the next level! **5 classes**

**49804.01** M/Tu/W/Th/F 1:00 pm - 4:00 pm 8/15-8/19

Fee: \$191

### Construction Vehicles and Machines using LEGO

(age 5-6) with Play-Well Teknologies

Dig into engineering with big trucks, construction vehicles, and super machines in this camp offering by Play-Well TEKologies. Explore the terms, concepts, and vocabulary behind large-scale building machines. Build and learn about steamrollers, bulldozers, wrecking balls, tower cranes, and more while playing with your favorite building system: LEGO! **5 classes**

**49611.01** M/Tu/W/Th/F 9:00 am - 12:00 pm 8/15-8/19

Fee: \$191

### Xtreme Minecraft! (age 10-14) with Techsplosion Staff

It's time to take your Minecraft skills to the next level! We'll learn the basics of coding mods using Java and Eclipse IDE, and dive deep into video production and game design concepts. We'll focus on what makes great games, screencasts and mods great, and learn to use a variety of powerful tools to help make our ideas a reality.

\*All campers who attend Minecraft Challenge first are invited to register for Xtreme Minecraft, regardless of age. **5 classes**

**49421.01** M/Tu/W/Th/F 9:00 am - 4:00 pm 8/8-8/12

## SCIENCE

### **Mad Science: My First Lab (age 4-6)** with Mad Science Staff

Junior Mad Scientists dive into the realms of science with non-stop, hands-on fun! Learn about everything from Air Pressure to Zebras! This week of discovery introduces kids to all facets of science. Explore the science of the sea and the fascinating creatures that live there. Campers become paleontologists by searching for fossils and participating in a mini dinosaur dig. We become bubbleologists as we learn the science of bubbles! (Participants MUST be potty trained.)

**5 classes**  
**49821.01** M/Tu/W/Th/F 9:00 am - 12:00 pm 6/20-6/24 Fee: \$239

### **Mad Science: NASA: Journey Into Outer Space**

**(age 5-12)** with Mad Science Staff

Mad Science and NASA have teamed up to bring you the excitement and wonder of space in this new voyage of discovery. See the principles of thrust and propulsion at work as we explore the atmosphere on Earth and beyond! Watch star dust burn, and journey through a galaxy as you investigate the life cycle of stars. Explore the farthest reaches of our solar system and create a lunar eclipse in this "mad" planetary tour. Probe the mysteries of meteors and bounce around satellite light as you learn about space phenomena. This is an experience that is truly out of this world!

## ACADEMICS

### **Math & Writing Tutoring (3<sup>rd</sup>-6<sup>th</sup>)** with Ivy Goal Edu.

Small group tutoring for maximum 5 students. Each student will have individualized learning materials and curriculum based on initial assessment on the first day. This tutoring camp is designed to improve students math and writing skills quickly and prepare them for a successful 2016 new school year! **5 classes**

**49847.01** M/Tu/W/Th/F 9:00 am - 12:00 pm 8/15-8/19

Fee: \$363 Lab Fee: \$12 (included)

### **Addition, Subtraction, and Reading Comprehension**

**(1<sup>st</sup>-2<sup>nd</sup>)** with Ivy Goal Education

Prerequisite: students must be good at solving single digit subtractions, such as, 5-1. Goal: students will learn multiple digit addition and subtraction, such as, 8+4, 7+9, 18+9, 13-9, 27+14, 22-19... Students will also develop good math habits, such as: writing steps cleanly, lining numbers up correctly and double-checking answers for accuracy. Previous students can repeat. 2nd half of the afternoon: Goal: reading comprehension involves more than simply understanding the text. In this camp, students will learn the following skills: critical reading, speed reading, process of elimination and decision making. The goal is to help students read efficiently and make good decisions when answering questions. **5 classes**

**49864.01** M/Tu/W/Th/F 1:00 pm - 4:00 pm 7/18-7/22

### **Multiplication, Division, and Speed Writing (3<sup>rd</sup>-5<sup>th</sup>)**

with Ivy Goal Education

Prerequisite: students must have the ability to solve single digit division, such as, 8 / 2. Goal: students will learn multiple digit division and multiplication, such as, 12 x 4, 13 x 14, 45 x 23, 10/2, 21/3, 54/6, 78/11. This camp will stress the importance of writing out steps cleanly and checking answers, as these skills become more critical at this stage. Good math habits are the key to a students success in math and are often underestimated. 2nd half of the afternoon: Schools often focus on academic writing which takes hours to complete an essay. This camp trains students to write a good quality essay within 30 minutes. A great camp for both writing training and test preps. **5 classes**

## **Joe Dito Lady's Panther Camp (4<sup>th</sup>-8<sup>th</sup>)** *with Joe Dito*

Since 2003, Coach Dito has been committed to providing girls from grammar to high school the opportunity to learn basketball fundamentals in a fun environment. Lady Panther Camp is geared towards providing instruction to its campers through a fun and exciting atmosphere. The camp will teach your child skills including footwork, ball handling, shooting, and passing. Along with daily instruction and skill-building, campers have the opportunity to learn goal setting, sportsmanship, and communication. The camp is open to incoming 4th through 8th graders. Our campers are divided by age and experience as well as any personal preferences. The campers will be grouped with current Burlingame High School basketball players as well. All participants receive a FREE micro-tech camp T-shirt with registration.

# Summer Sports Camps

## **Skyhawks Mini-Hawk Camp (age 4-7) with Skyhawks Staff**

This multi-sport program was developed to give children a positive first step into athletics. The essentials of baseball, basketball and soccer are taught in a safe, structured environment with lots of encouragement and a big focus on fun. Our Mini-Hawk games and activities were designed to allow campers to explore balance, movement, hand/eye coordination, and skill development at their own pace. Skyhawks staff are trained to handle the specific needs of young athletes. All campers receive a t-shirt and a merit award! Participants should wear appropriate clothing and running shoes; bring two snacks, a water bottle, and sunscreen. This camp is perfect for the beginning athlete.

## **Skyhawks Cheerleading Camp (age 6-12) with Skyhawks Staff**

Skyhawks cheerleading teaches young athletes all the essential skills to lead the crowd and support the home team. Skyhawks' cheer camp will ensure that each camper will learn cheers, proper hand and body movements as well as jumping techniques. There is no stunting, just a big focus on fun while each cheerleader learns important life skills such as teambuilding and leadership. The week concludes with a choreographed performance and a chance to cheer at a Skyhawks football tournament (also taking place at Ray Park)! Participants should bring: Appropriate clothing, snacks, water bottle, athletic shoes and sunscreen.

## **Skyhawks Multi-Sport (age 6-12) with Skyhawks Staff**

Our Multi-Sport camp is designed to introduce young athletes to a variety of different sports in one setting. For this camp we combine multiple sports (soccer, baseball and flag football) into one fun-filled week. Athletes will learn the rules and essentials of each sport through skill-based games and scrimmages. By the end of the week, your child will walk away with knowledge of multiple sports along with vital life lessons such as respect, teamwork, and self-discipline. All campers receive a t-shirt and a player skill card! Participants should wear appropriate clothing and running shoes; bring a lunch, a snack, a water bottle, and sunscreen. This camp is perfect for the beginning to intermediate athlete. **5 classes**

## **Youth Sailing Summer Camp (age 8-12) with Emily Kimmel**

Your child begins in a safe protected environment inside the marina. The Coyote Point Yacht Club is offering sailing lessons for children ages 8-12 who wish to learn to sail and/or improve their sailing skills.

The program is designed to instruct the young sailing enthusiast in basic sailing skills and boating safety and to instill in them the joy of sailing. Instruction is provided on how to set up and sail a small boat, how to handle the wind and proper boating etiquette. CPYC uses a fleet of Optimist sailboats which is an introductory sailboat for the novice to intermediate students.

An experienced staff of sailing instructors will put the young mariners through their paces in a comfortable, safe, positive and fun environment.

Classes are held Monday through Friday from 9:00 AM-4:00 PM at Coyote Point Yacht Club - 1820 Coyote Point Drive, San Mateo.

A 10% discount is given to a second family member registering in the same session - please speak to recreation staff to get discount. **5 classes**
