

# Exploring the Engineering Design Process with School Age Youth

May 9, 2015  
1:00-4:00 PM

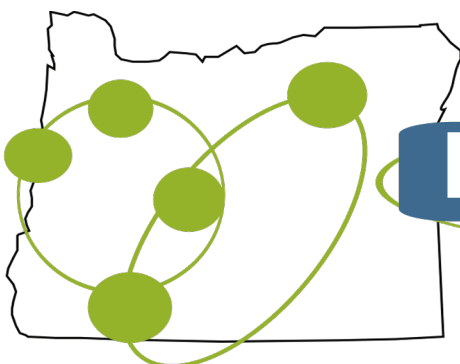

Riverbend Community Room  
799 SW Columbia St.  
Bend OR, 97702

**FREE** for school age providers

In this hands-on, minds-on session participants will explore the engineering design process by practicing activities from various after school STEM curricula including SciGirls, S.INQ, and Afterschool Science Plus. Participants will explore questioning strategies for encouraging reflection in **elementary school students** and examine strategies for engaging typically underserved youth. All participants will receive Set 2 professional development credit from the Oregon Registry.
