

WHAT IS NYLT/WHITE STAG?

National Youth Leadership Training is an action-packed program designed to provide Boy Scouts of America youth members with leadership skills and experience they can use in their home units and in other situations demanding leadership of self and others.

WHAT IS THE COST?

The course is \$215 per participant and includes all food and materials. Early bird fees are \$195 if paid 30 days prior to the start of the session. A deposit of \$25 per participant is required to hold a spot.

The balance of payment is due 30 days before the course to receive the early bird fee, otherwise the \$215 will be due prior to the course. Participants may wish to bring spending money for the NYLT / White Stag trading post.

On the first day, the trading post will be open with limited merchandise. Full trading post will be available on the last day of the course.

COURSE OVERVIEW

A constant refrain of NYLT / White Stag is, "If you can see it, you can be it." The course centers around the concepts of what a leader must **BE**, what a leader must **KNOW** and what a leader must **DO**. The key elements are then taught with a clear focus on **HOW TO**. The skills come alive during the week as the team goes on a Quest for the Meaning of Leadership.

NYLT / White Stag is a six-day course, patterned after a month in the life of a unit. The course integrates the best of modern leadership theory with the traditional strengths of the Scouting experience. Through activities, presentations, challenges, discussions and audio-visual support, NYLT / White Stag participants will be engaged in a unified approach to leadership that will give them the skills and confidence to lead well.

During an NYLT / White Stag course, team members find themselves going through the stages of team development. Their challenges heighten the team development process, enabling them to use their awareness of the stages to build a highly effective team that can reach its full potential.

HISTORY

In the 1970s, local Scouter Red Hatch developed a leadership training academy for Boy Scout youth called White Stag. It taught young men principles of leadership through a week-long high impact training session focused solely on leadership. The goal was to enrich boy's lives and make them better leaders to in turn, run better troops.

In 2009, all the local council youth training programs were consolidated under the national umbrella to teach the same principles under the banner of National Youth Leadership Training (NYLT). The rich heritage of the program continues to this day. It's been made even more effective by the high-level leadership principles taught through NYLT. Today, the program has been expanded to include Venturing as well as the next generation of America's leaders.
