

# AGENDA

## Watershed Planning for the Upper Gila: Alternatives for Closing the Water Supply and Demand Gap

Eastern Arizona College Discovery Park  
1651 Discovery Park Blvd (Ranch house), Safford, AZ 85546  
Wednesday, December 2, 2015  
10:00 am – 4:00 pm

10:00 am	<ol style="list-style-type: none"><li>1. Introductions and Overview of the Workshop</li><li>2. Update on New Mexico CAP allotment proceedings from Bureau of Reclamation</li><li>3. Overview of Water Supply and Demand Figures for the Upper Gila River Watershed</li><li>4. Possible alternatives for increasing water supply (small-scale, e.g., leak detection and large-scale, e.g., importation) and decreasing demand</li></ol>
10:45 am	<b>Develop Water Management Alternatives</b>  <ol style="list-style-type: none"><li>1. Rotating small group discussions:<ol style="list-style-type: none"><li>a. Small-scale supply alternatives</li><li>b. Large-scale supply alternatives</li><li>c. Demand reduction alternatives</li></ol></li><li>2. Lunch (provided by Black Hills Catering)</li><li>3. Continued rotating small group discussions:<ol style="list-style-type: none"><li>a. Small-scale supply alternatives</li><li>b. Large-scale supply alternatives</li><li>c. Demand reduction alternatives</li></ol></li><li>4. Summary of alternatives from each group and discussion</li><li>5. Break</li></ol>
12:15 pm	
1:00 pm	
1:45 pm	
2:15 pm	
2:30 pm	<b>How do we apply identified water management alternatives to the different water uses (municipal, domestic wells, industrial, agricultural)?</b>  <ol style="list-style-type: none"><li>1. Small breakout discussions (each participant chooses the group that is most relevant - municipal, domestic wells, industrial, agricultural)</li><li>2. Summary of discussions and each group's deliberation of "Next Steps"</li><li>3. Workshop wrap-up and future timeline</li></ol>
3:15 pm	
3:45 pm
