Why should I pre-register?

Maximize your time at the fair

- Provide your information <u>one time</u> through our simple, online registration page instead of dozens of times on paper at fairs

- Ensure your personal data is accurately and securely shared with colleges and universities of your choosing

- Increase face-to-face time with admissions officers

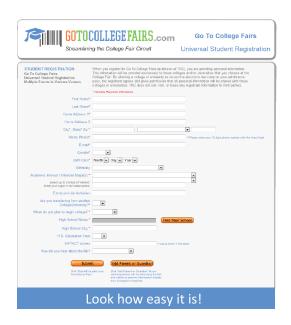

A streamlined process for students and colleges

Register today!

Stop in the school computer lab or register on a computer at home. Registration is web-based, so you can register from any computer, anytime.

How does online registration help me?

Registering for a college fair through our simple, online registration page allows you to easily input your personal information and to elaborate on your special interests, extracurricular activities, and unique accomplishments.

Look how easy it is!

After completing the easy online registration form, hit SUBMIT to print out your personal registration barcode. Bring this barcode with you to the fair and start visiting college and university tables. College representatives will have a barcode scanner to securely capture the registration information you provided online, saving you *both* a lot of time and effort. No need to fill out cards with the same information at every table you visit. Instead, **provide your information once online,** and spend your time at fairs talking to admission representatives and learning about their schools.
