<http://www.internationalpaper.com/company/regions/north-america/ip-foundation-usa/apply-for-a-grant>

The foundation's primary focus areas include the following:

1. *Environmental Education*: The Foundation supports programs that help both younger and older generations understand a sustainable approach balancing environmental, social, and economic needs. Examples of supported programs include:
  - science-based programs targeting children;
  - outdoor classrooms at schools or in communities;
  - outdoor science programs tied to forestry, air, or water; and,
  - education-based programs that promote recycling, tree planting, and composting initiatives.
2. *Literacy*: The Foundation addresses literacy through support of programs that:
  - enhance availability of reading materials at school and community libraries;
  - enhance reading skills of children and adults; and,
  - teach English as a Second Language (ESL).

The Foundation provides limited consideration for funding to new critical needs in company communities. Consideration is given to one-time, non-recurring needs which benefit the community at large. The Foundation considers providing “seed” money on a one-time basis for requests that identify a community-wide need and provide details of sustaining the initiative within the community beyond International Paper funding. The Foundation generally does not fund capital, economic development, or multi-year projects. Average grant awards are around \$100.
