

Windmill Holsteins

Open House

Windmill Holsteins is having an Open House Aug 25th starting at 10am for anyone interested in Biogas or its benefits.

Agri-Komp is sending 2 sales and design specialists to Canada to meet interested parties. Agri-Komp has been building Biogas plants for over 20 years from Kenya to Canada and they have the answers to all of your questions. Come tour Agri-Komps first 500kw Canadian plant, watch the separator make bedding for the dairy barn and enjoy a hamburger at the same time. Please reply if you are interested in attending to one of the options listed below or if you would like more info.
