

September 11, 2015

Mark your calendars! Dalhousie University Faculty of Agriculture and Perennia are pleased to partner to bring you the Atlantic Mink Production Course, January 5-7, 2016.

This course will be held at the Dalhousie Agricultural Campus in Bible Hill Nova Scotia, and will feature speakers from across the region to provide a forum for networking and learning. Developed for mink ranchers and employees who have been involved in the industry for 5 to 10 years, this course is focused on improving efficiency and productivity. New entrants, veteran ranchers, and other industry personnel are also welcome to attend. A detailed agenda will be available soon.

Enrolment is limited to 30 participants and registration will be processed on a first-come, first-serve basis.
