4:00 – Body Powered Technologies and Case Studies (Kelly Lee, CP and Kristi Turner, OTR/L)

4:30 – Functional Training and Tips for Individuals with Partial Hand Bilateral Involvement (Lynsay Whelan, OTR/L)

5:00 – Bilateral Upper Limb Loss Case Study (Julie Klarich, OTR, CHT and Inger Bruckner, PT)

5:30 – End of Day

***This half-day program is tailored towards the healthcare professional audience.**

Skills for Life 4: People, Purpose, and Passion

PRELIMINARY PROGRAM

(Subject to Change)

Main Workshop

Friday, October 23, 2015

08:00 – Welcome

08:40 – I Really Stink at Patty Cake (John Lawson)

09:00 – Success Stories/Ice Breaker (Eric Nelson, Mike St Onge, audience)

09:40 – Lessons Learned in the Rehabilitation of Service Members with Quadrilateral Amputations: A Retrospective Analysis (Annemarie Orr, OTR/L)

09:55 – Practical Myoelectric Arms for Bilateral Arm Wearers (Harold H. Sears, PhD)

10:10 – Problem Solutions in the Kitchen and Home Modifications (Christine Ragno, OTR and Marie Wikstrom)

10:25 – Break in Exhibit Hall

10:55 – Child Care (Erica Tambrini, OTR/L)

11:10 – Utilization of a Hybrid Pattern Recognition Control Strategy to Meet Patient Functional Expectations (Chris Baschuk, MPO, CPO, LP)

11:25 - Improved Function in a Bilateral Transradial Amputee Using Michelangelo Hands (Bambi Lombardi, OTR/L, Gerald Stark, MSEM, CPO/L, FAAOP)

11:40 – Quadrimembral Osseointegration (Kelly Lee, CP and Kristi Turner, OTR/L)

11:55 – Q&A

12:15 – Lunch

1:15 – Common Psychological Reactions to Limb Loss and Coping Strategies (Suzi Phelps, PhD)

1:45 – Expected Functional Outcomes (Robert Meier III, MD)

2:15 – Surgery to Improve Amputation Function (Christi Blakkolb, MD and Matthew Koeplinger, MD)

2:45 – A Surgeon's Perspective on Improving Life After Upper Limb Loss (Brian Carlsen, MD) (SP)

3:00 – Q&A

3:30 – Break in Exhibit Hall

4:00 – Options for Functional Restoration for Upper Limb Amputees - the Role of Transplantation (Stephen Kovach, MD)

4:15 – Become a Smart Consumer: Increase Your Performance (Hector Torres)

4:30 – Healthcare Navigation for People with Disabilities (Ruth M. Morris, LMS, MPH)

4:45 – Bidet Use in Bilateral Upper Limb Loss (Bhavik Patel) (SP)

5:00 – Total Limb Loss Care: TIRR Memorial Hermann's Comprehensive Team Approach to Rehabilitation (Kristin Reeves, PT) (SP)

5:15 – Four and Five Function Wrist and Harness Control Options (Ted Muilenburg, CP) (SP)

5:30 – End of Day (Dinner on your own)

7:00 – Cocktail Reception (Hosted by TIRR Memorial Hermann)

Marriott Medical Center; Houston, Texas

Saturday, October 24, 2015

08:30 – Welcome

08:40 – Not What I Expected, But I'm Having a Great Life Anyway - Thirty-eight Years in Adapting to Loss of Both Arms (Cynthia Dusel-Bacon)

09:00 – Upper Limb Provisional Prostheses (Chris Lake, CPO, FAAOP)

09:15 – Touching the World Again: Neural Interfaces Restore the Sense of Touch Following Limb Loss (Joyce Tyler, OTR/L, CHT)

09:30 - Pattern Recognition Myoelectric Control (Blair Lock, Coapt LLC) (SP)

09:45 – Touch Bionics' Solutions for Bilateral Limb Loss or Deficiency (Lynsay Whelan, OTR/L and Karl Lindborg, CPO, LPO) (SP)

10:00 – Ottobock Product Overview (Gerry Stark, MSEM, CPO/L, FAAOP) (SP)

10:15 – Break in Exhibit Hall

10:45 – Prosthetic Problem Solving – Panel Discussion (led by Mike St Onge, Jason Koger and Sam Matagi)

11:15 – Activity/Sports/Hobbies Adaptations and Examples (Jason Koger, Sam Matagi)

11:45 – Pain and its Treatment in Arm Amputation (Danielle H. Melton, MD)

12:15 – Phantom Pain and Meditation (Aimee Copeland)

12:30– Lunch

1:30 – Activity Day (see next page for times)

6:30 – End of Day

7:00 – Gala Dinner

Sunday, October 25, 2015

08:30 – Welcome

08:40 – Tips & Tricks for Travel (Dawn Dubsky, BSN, CCM, PhD candidate)

08:50 – Out on a Limb (Karen Crespo, RN)

9:00 – Hand Transplant Case Study WRNMMC (Josef Butkus, OTR/L)
