

coaching

Our framework for coaching gives you the practical day-to-day, program-to-program mechanics for leading an effective ministry. We want you to be successful in developing and leading meaningful programs as well as building faithful, fun-loving youth and adult leaders.

Successful ministry as a math formula looks like this.

- + CONTENT
- + RELATIONSHIPS
- + SKILLS
- + PASSION
- + CULTURE

= FAITH AND LIFE FORMATION (see next page for outcomes)

For Whom?

A necessity for first year church workers!
A refreshing retooling time for all in ministry!

The Plan

We'll use some easy assessment tools along with conversation that will include you and your supervisor. After developing priorities, we can work step-by-step, skill-by-skill, program-by-program creating a ministry that you and your congregation will be proud of! Our meetings will be mostly via Skype, phone and written plans. We'll be there, walking beside you, helping you work through each challenge as it arises.

With Whom?

Coaches are trainers for Peer Ministry Leadership, leaders in PLAN-IT workshops and long time veterans in youth ministry.

Costs

\$2,000 for 12 months.

Additional options include on-site visits and training.

OUR COACHING - YOUR OUTCOMES!

CONTENT – Value theology. Know your program’s desired faith outcomes. Be the right fit for your church.

Our discussions will reinforce your church’s theology, aligning it with your programs and reflected in your life.

+RELATIONSHIP – *Relational connections that model and mentor faith always have the most influence on the faith of others.*

We will work on your own relational connection plan with youth, parents, staff and community.

We will also work on plans and ways for you to empower a relational team of youth and adult leaders who also model and mentor a growing faith.

+SKILLS – *Learn methods and tricks of the trade. Lead small groups and large groups. Develop meaningful, well-balanced programs.*

Leading effectively and efficiently comes down to developing systems and learning skills. We’ll work on your own planning and implementation styles, plus work on how to pass on valuable skills to your leaders.

+PASSION – *You have it because you believe it. You feel it. You live it. You wear a smile. You have a twinkle in your eye.*

Your passion grows with your confidence and enjoyment because you will begin seeing results as your ministry grows in depth and in numbers!

+CULTURE – *You not only model the desired culture but also empower others to do the same.*

Ministry cultures are written, planned, and trained. You want a culture that is reflected in people who care, welcome, and affirm others, loving because they know Christ loves them! We’ll work towards that!

= FAITH AND LIFE FORMATION

Your goal! Faith formation is about helping people find personal and shared rhythms of being aware of God’s love, grace, peace, and hope. These develop as the result of a variety of experiences and a variety of modeling and mentoring relationships.
