YOUNG TEEN TEAM LEADERSHIP CAMP

How are you going to broaden and deepen your youth ministry?

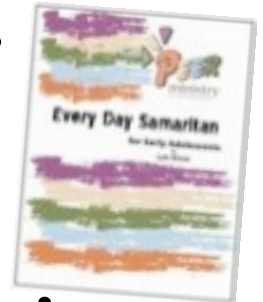

You will do it with a **CORE**
of caring, welcoming and affirming youth.

Imagine a PML Leadership team made up of early teens and HS teens working side by side in the midst of your programs. Youth who have the relational skills to model and mentor a faith lived every day, everywhere and in every relationship

Your **PEER MINISTRY LEADERSHIP** youth will become your **CULTURE KEEPERS** that grows numbers and deepens spirituality.

Every Day Samaritan

- Making a Friend
- Being a Friend
- Understanding a Friend
- Helping a Friend
- Walking Beside a Friend

The result is not just a camp. The result is the creation of an ongoing environment. Youth witness and deal with tough relational issues every day. In the Good Samaritan Story, passing by or pretending not to see are not options. Reaching out, caring, welcoming, accepting, crossing barriers, finding help - all of these add up to Good Samaritan leadership, lived out every day, everywhere, and in every relationship.

Why bring high school PML youth to a camp for 7th - 9th graders?

Younger youth follow the example and leadership of older youth. Older youth stay involved because they are needed. Bring your best Peer Ministry Leadership trained high school youth. We suggest that your high school youth have been trained and using the Peer Ministry skills for at least a year, but bring the best of your best! These youth will act as camp counselors, working and living alongside the campers, leading devotions, discussions, and helping create the camp atmosphere.

Why bring adults?

Youth do not just learn from a curriculum. They learn from mentoring and modeling adults, who share in the skills they use and the skills they are learning. Adult will participate with campers, helping lead and learning alongside the campers.

Per person cost is only **\$250**
BUT! only \$225 before APR 30th.
STILL! only \$235 per person when registered by JUNE 30th!
