J-2534: Current Capabilities and Where It's Going!

Presented by
Kevin Leiby

Tuesday, May 19, 2015
6:30 - 8:30pm

LOCATION:

Fort Osage Career & Technology Center

2101 N Twyman Road
Independence, MO 64058

\$25 for ASA-Midwest Members
\$30 for non-members

Includes dinner & training

RSVP by Friday, May 15th

This class will cover current J-2534 regulations including J-2534-1, J-2534-2 & J-2534-3.

During this event, Kevin Leiby will cover programming capabilities and processes as well as expanding capabilities utilizing the J-2534 interface. Rapid changes in our industry which are already in motion are bringing exciting new capabilities to our facilities and can provide excellent return on investment of our diagnostic dollars spent. Kevin will offer tips and trick to help insure a successful completion of flash programming or reprogramming. Module configuration will also be covered for modules that only require set-up.

Come join us to find out the exciting direction this technology is heading!
