LOCATION:

Team One Automotive
505 N Walnut St
Broken Arrow, OK 74012

ASA members - \$25

Non-Members - \$40

Includes continental breakfast
& training

Space is limited—RSVP by May 13th

Electrical skills are critical to the success of every automotive technician. In this hands-on presentation, we will focus on fundamental electricity, better equipping you to deal with the basics of circuits, electrical measurements and circuit defects. We will put a face to electricity that will change the way it is looked at from now on, giving you a consistent strategy for electrical diagnosis.

You will leave this class with relevant, easy to apply techniques you can return to your shop and immediately use!

Spread this opportunity. Each registered shop may invite one local educator free of charge!
