LEARN CPR

SAVE LIVES

CPR, AED & First Aid Training

This hands-on training prepares you with the skills and knowledge needed to respond to victims of sudden cardiac arrest using CPR and the safe use of an automated external defibrillator (AED). The class through lecture and hands-on exercises, will prepare you to respond to medical and trauma emergencies.

If skills and quiz are successfully completed, each student will receive a certificate of completion.

A limited number of seats are available. Get certified, and gain lifesaving skills!
