Automotive Service Association Midwest

Now serving Missouri, Kansas, Iowa, Nebraska, Arkansas and Oklahoma

Springfield Area Automotive Service Professionals

Saturday, November 21, 2015

8:00-am - 5:00 pm

Lab Scopes Live by Kevin Leiby

LOCATION:

OTC Automotive Shop

1001 E Chestnut Expy
Springfield, MO 65802

ASA members - \$95

Non-Members - \$125

Includes breakfast, lunch & training

Limited to 24 People—RSVP by November 13th

Come join us for an all day, live car class which will begin with classroom instruction detailing how to get the most from your Lab Scope. We will cover how to select the proper voltage and time bases for the circuit or components being tested. Proper set up when testing AC & DC signals. Understand trigger level, scope—positive or negative, trigger types and when, how and why we may want to utilize a trigger. Understand Series, Parallel & Series-Parallel circuits, what and how to calculate circuit resistances, thus know before testing what our circuit current flow will be and where is the proper place to test as determined by circuit configuration. We will cover amperage testing as well as utilizing high and low amp clamps to capture the voltage and amperage. This gives up a total picture of the circuit at work, under load for an accurate assessment of the circuit under the conditions it normally operates under. In addition, we will discuss additional testing that can be performed. After classroom instruction, we will have hands on live car experience.

BRING YOUR EQUIPMENT, SCOPE, LEADS AND AMP PROBES.

Registration Form

Company: _____ Phone: _____

Attendees: _____

Credit Card : _____

Name on the Card: _____

Exp. Date: _____ CVC Code: _____

Billing Address: _____ Zip: _____

**Fax to 816.817.2260
Or call ASA-Midwest at 816.781.5801**

Coming Soon to Springfield:

**Tuesday, December 1
Holiday Party
Springfield Brewery
6:30 PM—8:30 PM
Charity—Rare Breed**
