6:30- 8:30 pm

Intake Valve, Fuel Injector and Piston Head at 39,035 miles

EasyGDI Training Presented by Valvoline

LOCATION:

Ozark Technical College

1001 E Chestnut Expressway

Room: 119A

Springfield, MO 65802

\$25 for ASA-Midwest Members

\$30 for non-members

Includes dinner & training

RSVP BY AUGUST 2nd

Join us for an action packed training with Valvoline discussing the EasyGDI.
Training will cover:

- The prevalence of Gasoline Direct Injection (GDI) engines and the expected future growth – 70% of all new cars will have this technology in the next 5 years.
- Side effects of GDI – Carbon Buildup
- Demonstrate an easier, less invasive clean-up of the carbon buildup

The VPS Team will perform a live service. First, they will borescope an engine, run a simple service, then borescope it again to show the impressive results.
