Come join us for a hands-on alignment training provided by Hunter Engineering. Many topics will be covered including:

- How to perform a proper pre-alignment vehicle inspection
- Description of alignment angles and how they affect tire wear and vehicle handling
- Review of today's vehicle safety systems and how they affect alignments
- Understanding of how ride height affects vehicle alignment
-

Don't be left out on the ever-changing technology. Join us Tuesday, February 9th!
