

**Vanuatu CWF**

April 13, 2015

Hello Julia,

Thank you for your email. This is my first day to be on line after cyclone PAM on 13/14 March.

Yes, the good Lord has been so gracious to us during and after cyclone. Throughout the whole nation there has only been 11 confirmed deaths.

However, there are thousands of people still without homes and still living in temporary shelters at the moment.

My local church has been partly destroyed as well as the pastors house. The pastor and his family are still living in a temporary shelter as well at the moment.

Many of peoples' homes had been completely destroyed. This includes some of our members - members of the Churches of Christ of Vanuatu and also members of the Christian Womens Fellowship of Vanuatu.

We just praise and thank our good Lord that we are alive and he will take care of the rebuilding/healing process of traumatised victims and other infrastructure.

Thank you again for your prayers. Esline
