“God saw all that he had made, and it was very good.”

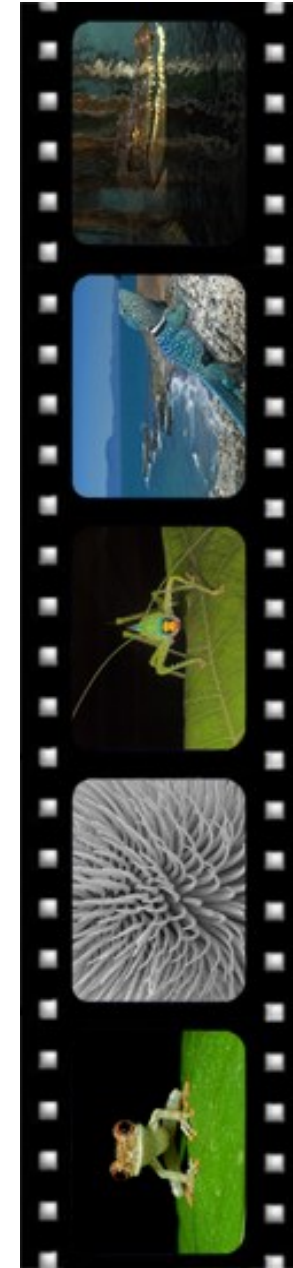

Genesis 1:31

“When one tugs at a single thing in nature, he finds it attached to the rest of the world.”

John Muir

If there are 100,000,000 different species on Earth and the extinction rate is just 0.01% /year, at least 10,000 species go extinct every year.

World Wildlife Fund

LIFE OVERLOOKED

A photographic exhibit featuring species from around the world

PEEK

Extraordinarily beautiful photographs taken around the World by “citizen scientist” children working with The Biodiversity Group illustrate the beauty and vulnerability of some of the smallest species.

Exclusive Baltimore Showing

This exhibit's next East Coast showing will be at the American Museum of Natural History in NYC in 2016

Donations for the work of the Biodiversity Group will be welcomed
